Dear Sir or Madam,

Following a telephone conversation with a member of staff at 'MyCourses', I was re-assured that I need not use a qualified assessor in this instance and that my work would be checked by an assessor through My Courses.

This is due to extenuating circumstances which mean I have not been able to, and will not be able to, access a qualified assessor.

With the help and support from MyCourses, I have been permitted to have my work signed by Mrs J Hazeldine (MSc) who has over ten years of experience as a secondary school Headteacher. Her extensive professional experiences are varied and multi-faceted. Due to the safeguarding duties of her role, Mrs J Hazeldine is well-experienced in employing counselling skills within everyday interactions with children.

Please refer to the CV and CPD (Professional Biography) for full details of experiences relating to safeguarding, mental health and wellbeing and the support of vulnerable people within the context of education.

Yours sincerely,

Elizabeth (Lizzie) Hazeldine
